Class of 2027

Pathways School Noida

Higher Level: Business Management • Economics • Design Technology

Standard Level: Mathematics AI • Spanish Ab Initio • English Literature

Extended Essay: Business Management

EXPERIENCE

Operations & Digital Systems

Since Jan 2026

Family business, paint, doors and laminates

- Rebuilt the back end of the business: consolidated leads scattered across WhatsApp into an organised system and set up daily task ownership across the team.
- Designed and shipped the company website and built its social media presence from nothing.
- Introduced AI tooling into daily operations across the manufacturing and real estate arms.

Marketing & Business Strategy Intern

Jun – Jul 2025

Kviraaj, real estate development

- Worked on Mayfair Residency, a group housing project, developing marketing strategy and business planning.
- Supported day-to-day operations and cross-functional coordination.

Business Operations Intern

Jan 2025

Autologix

- Applied AI tooling to support business strategy and scaling initiatives.
- Assisted with marketing campaigns and supported day-to-day operations.

VENTURES

Founder, BuildSmart

Launching 2026

AI business plan generator

- Built an AI tool that guides first-time founders day by day: marketing, planning, finances and applicable government schemes.
- Produces CMA-format financials, names real suppliers by city, and matches businesses to MUDRA, PMEGP and CGTMSE schemes.
- Piloted a WhatsApp-based AI agent for deployment inside family-run businesses.

Digital Strategy & AI Automation Lead

Since 2026

Veneer Casa, family veneer and laminate business

- Authored the business plan and full growth roadmap from scratch.
- Building the marketing strategy and AI automation systems as the business gets off the ground.

Founder, AI Student Scheduling Platform

In development

Planning tool for students

- Building an AI-automated planning tool, somewhere between Notion and Google Calendar, for students who are over-committed and under-organised.

RESEARCH & WRITING

Independent Researcher

2026

- Research paper, "Is AI Obsoleting Business Consulting, or Reinventing It?", drawing on the Dell'Acqua et al. Harvard and BCG field experiment published in Organization Science (2026) and on industry data from 2023 to 2026. Publication in progress.

Essayist

Since Oct 2025

- Five essays on artificial intelligence, entrepreneurship and judgment: Jagged, Bootstrap, Pyramid, Iceberg and Script.

LEADERSHIP & ATHLETICS

Student Council; Earth House Captain

Since Sept 2025

Pathways School Noida

- Led Earth House to second place on Sports Day and organised school-wide events.
- Oversaw student conduct at assemblies and school events.

Basketball

Since Jun 2023

School and national representative teams

- Represented India at the United World Games, Austria.
- Competed at ISSO tournaments in Jaipur and Gujarat.
- Competed at TAISI, Mayo College Ajmer.

- Trained under international coaches and competed with local clubs and teams at the Elite Sports Camp, Malaysia.

Volunteer

Since 2024

Community service drives

- Distributed food and essentials to underserved communities.
